**General Membership Meeting at Springs Inn.**

Premeeeting social and order from menu dinner  
at 5:30 p.m. Meeting starts at 6:30 p.m. Come  
to the preemeeting, get to know folks and talk  
Porsches!!

**Brian Kiser** • email: bek1973@yahoo.com

December is here and so arrives the short days, cold bitter weather and less driving of our Porsches. This is a time of hibernation for many Porsches here in Kentucky, but some of us do attempt and drive them year round. Usually this time of year the club hibernates as well, but I am sure like the past winters, we will have a few Tech Sessions and fun events to entertain all. So stay in touch, watch for your newsletter and read your PCA emails! The BGR PCA Christmas Party was a success! We had around 35 attend, the food was wonderful, and the Porsche "unreleased" DVD was entertaining on the 7-foot screen.

Thanks to all who attended, this event has engraved itself into one of our annual events. Make sure you make plans for next year's event. Once again, thanks to all for the team effort that has been displayed in making the Bluegrass Region so successful. Your input, efforts, energy, and enthusiasm will be known for years to come. Thanks for your help and support, you have made my two years as President a joy. Wishing you and your family a wonderful 2005,  
--Brian

### Membership by Gary Hackney, Membership Chair

The ongoing saga of the PCA database shows no signs of ending. Current membership is at **83**.

The new database will have some nice features. It will allow the inclusion of non-members--a local VIP, for example--and non-member companies (sponsors, advertisers). It can include addresses for other regions. These features should eliminate the need to keep a separate non-member list of names to remember to mail Rumbles to; we can include everyone in the national database.

-Gary Hackney

### Editors Column by Ed Steverson

Happy Holidays to everyone,

Winter is here and my cars are clean and covered for the winter. I 'm now creating a winter to do list which reaches from a main bow replacement and a rear cab window replacement on the 968, to a rear brake job, and a coolant leak on the 944.

Due to the printing cost associated in printing the Rumble in color, the Rumble is now printed in black and white. I will still design the Rumble in color and if you choose to receive the Rumble in pdf form via email you can still view and print in color. To receive the Rumble via email, simply send an email to [rumble@abracadabra-graphics.com](mailto:rumble@abracadabra-graphics.com). Hope to see you soon at a club activity.

Drive it,  
 Ed

## NISH MOTORS, LLC

We are pleased to offer indoor storage for RV's, trailers, sports cars and motorcycles. The 4,000 square foot facility is located in Lexington and is monitored by Bluegrass Alarm Systems. Special rates are offered for PCA members. For more information, please contact :

**Mark Onishi**  
at 859-263-5929  
(PCA member since 2000).

Blow Your Money  
On Cars, Not Insurance.

Let's face it, the less you spend on insurance, the more you'll have to spend on the car of your dreams. So call Hagerty. Since all we insure are collector car owners - the safer drivers on earth - our rates are ridiculously low. So blow your dough on something fun for a change.

## Recent Club Activities

### Buffalo Trace Holiday lighting of the distillery. by Ed Stevenson

December second was the Annual Lighting of the Distillery at Buffalo Trace in Frankfort. A total on nine Porsche cars were in attendance. Models included a 968 Cab, 968, 944, 993, 911, 930s, and a 40th Anniversary 996. Everyone gathered at the clubhouse to watch the lighting and to enjoy a cup of hot chocolate, Christmas caroling, and a chance to talk to Santa. After the lighting several of us drove to Jim's Seafood and enjoy dinner near the Kentucky River. It was a good time for all and established a relationship with Buffalo Trace for the club.

1) The 100,000th Porsche was built on December 21, 1966, what model was it?

- a) 911 Targa
- b) 356SC
- c) 904
- d) 911L

2) The 1976 911 engines had high-speed cooling fans with how many blades?

- a) Six
- b) Four
- c) Five
- d) Eight

3) What was the front/rear weight distribution of the early 4-cylinder 914?

- a) 50/50
- b) 48/52
- c) 46/54
- d) 20/80

4) The flush mounted windshield first appeared on what year 944?

- ) 1985 ½
- b) 1986
- c) 1987
- d) 1983

5) Which of the following were included with the Club Sport Package on the 924 GTS?

- a) Aluminum roll cage
- b) External kill switch
- c) Five-point harness
- d) All of the above

6) What year did aluminum A-arms replace the original stamped steel parts on 944 cars?

- a) 1987
- b) 1986

7) The oil capacity of the 1981 Porsche 928 is?

- a) 7.1
- b) 7.3
- c) 10.2
- d) 7.9

8) What part was purchased from Mercedes-Benz and offered on the initial Porsche 928's?

- a) Aluminum radiator
- b) Electrically adjustable seats
- c) Automatic transmission
- d) Central warning system

9) The displacement of the 911 engine changed in 1984 from:

- a) 2.4 liter to 2.7 liter
- b) 3.0 liter to 3.3 liter
- c) 2.7 liter to 3.0 liter
- d) 3.0 liter to 3.2 liter

10) Both 8-cylinder models of the Cayenne can cross water safely to a maximum depth of?

- a) 22 mm
- b) 22 in
- c) 22 cm
- d) 2.2 feet

## Shift Block

for Porsche 924, 924s, 944, 944t, 944s, S2 and 968

**Stop sloppy shifting.**  
**Stop missing shifting to next gear.**  
**Stop long throws of gearshift between gears.**

With Stuttgart Motorsports new patented linkage block you will get more positive crisper shifts every time. Stuttgart Motorsports shifting block has been race tested and approved by the Screaming "O" Racing Team and other racing teams for the last two seasons in Porsche club racing.

Unlike some shorter shifter kits that shorten the shift so much it's hard to get in and out of gears, Stuttgart's shift block restores a shorter shift and the crisper feel of a new car shifter. At less than half the price of other short shifter kits, Stuttgart's shifting block can easily be installed by your local shop.

**KIT INCLUDES:** detailed instructions, shifting block, spring clip, and lock nut.  
**LINKAGE NOT INCLUDED.**  
Installation should be done by qualified service center or a knowledgeable enthusiast. Will not work on 924's with 016-Y or Z, 5 speed transmissions.

To order call 859.255.7278 or  
email: [stuttgartmotors@alltell.com](mailto:stuttgartmotors@alltell.com)

Currently the Rumble has seven paid advertisers. The monies from our advertisers help to offset the costs of Rumble production and distribution. Any remaining funds go to increase our Chapter's treasury to support BGR activities. We appreciate our advertisers' support and in turn need to support them. We need your individual support in two ways.

First, we need more advertisers. You can assist us in having more advertisers by getting the names of potential advertisers to me (Ken Hold, Phone at 859.254.2817 or email at kendellhold@insightbb.com) or by contacting potential advertisers directly. You can get a blank copy of the Advertiser Form from the Events area on our web site. There are instructions for processing with the form. I can assist you in the process if you have questions.

Second, you can refer our advertisers to people who may have need of advertiser services. If someone asks about an auto service center, vehicle storage, vacation rentals, graphic creation or insurance; mention that we have advertisers and club supporters in that business. We as members or representatives of the BGR can not make referrals or statements regarding our advertisers' services (quality, cost, etc). We can however support our advertisers by mentioning that they are in that business and also support the BGR by being a paid advertiser.

I believe the Rumble provides our advertisers a unique access to a targeted population of at least 70 car nuts. Our advertising rates are quite reasonable and should prove to be a good operating expense that brings our advertisers business. Please help in that effort. Bottom line is that if the ads bring in business, we will have advertisers.

Ken Hold
